Fix order of cancel - previous - next in
backup/util/ui/base_moodleform.class.php

theme/boost/classes/output/core/calendar_renderer.php

removed completely. only had on change for m-r-1 to mr-3. This will be fixed in <https://tracker.moodle.org/browse/MDL-61953>

theme/boost/classes/output/core_course/management/renderer.php

keeping this in Boost. Course management needs proper mustache templates. Follow up issue <https://tracker.moodle.org/browse/MDL-61459>

theme/boost/classes/output/core_renderer.php

methods:

full_header(). keeping in boost for now. Needs a renderable in core

removed added method render_file_picker() from renderer in boost, change now in core: **lib/outputrenderers.php**

Change was adding a w-100 to

```
"<div id="filepicker-wrapper-{$client_id}" class="mdl-left w-100" style="display:none">"
```

removed added method user_menu() from renderer in boost

change now in core: **lib/outputrenderers.php**

Change was adding mr-1 to

```
"html_writer::span($usertextcontents, 'usertext mr-1')"
```

TEMPLATES

theme/boost/templates/admin_setting_tabs.mustache

boost specific template, not new, only made a minor m-t-1 to mt-3 change

theme/boost/templates/block_myoverview/course-event-list-item.mustache

removed, only change was changing 'm-b-0' to 'mb-0'. Will be fixed in MDL-61953

theme/boost/templates/block_myoverview/course-event-list-items.mustache

removed, changed m-y-2 to my-4. Will be fixed in MDL-61953

theme/boost/templates/block_myoverview/course-event-list.mustache

removed, changed m-y-1 to my-3. Will be fixed in MDL-61953

theme/boost/templates/block_myoverview/course-item.mustache

theme/boost/templates/block_myoverview/course-paging-content-item.mustache

removed, no changes

theme/boost/templates/block_myoverview/course-paging-content.mustache

removed, no changes

theme/boost/templates/block_myoverview/course-summary.mustache

removed device visibility classes

theme/boost/templates/block_myoverview/courses-view-by-status.mustache

removed, only change was justify-content-center to replace text-xs-center. Already works with text-center so okay

theme/boost/templates/block_myoverview/courses-view-course-item.mustache

keeping, but will be changed again in MDL-61657

theme/boost/templates/block_myoverview/courses-view.mustache

keeping, includes fixes for nav-tabs

theme/boost/templates/block_myoverview/event-list-group.mustache

deleting, only change was m-t-1 to mt-3. Will be fixed in MDL-61953

theme/boost/templates/block_myoverview/event-list-item.mustache

keeping, includes updated visibility utilities

theme/boost/templates/block_myoverview/event-list-items.mustache

deleting, no changes

theme/boost/templates/block_myoverview/event-list.mustache

deleting, only changes m-side-num changes and justify-content-center. Will be fixed in MDL-61953

theme/boost/templates/block_myoverview/main.mustache

keeping, updated tap panel classes (.show instead of .in)

theme/boost/templates/block_myoverview/paging-bar-item.mustache

deleting, no changes

theme/boost/templates/block_myoverview/paging-bar.mustache

deleting, no changes

theme/boost/templates/block_myoverview/paging-content-item.mustache

deleting, no changes

theme/boost/templates/block_myoverview/paging-content.mustache

deleting, no changes

theme/boost/templates/block_myoverview/progress-chart.mustache

deleting, only changes m-side-num changes. Will be fixed in MDL-61953

theme/boost/templates/block_myoverview/timeline-view-courses.mustache

deleting, only changes m-side-num changes. Will be fixed in MDL-61953

theme/boost/templates/block_myoverview/timeline-view-dates.mustache

deleting, no changes

theme/boost/templates/block_myoverview/timeline-view.mustache

Keeping, changes to positioning using .d-flex, removing unneeded JS for tabs

theme/boost/templates/block_search_forums/search_form.mustache

keeping, using BS4 input group:

before:

Search forums

[Advanced search ?](#)

after:

Search forums

[Advanced search ?](#)

theme/boost/templates/columns1.mustache

- moved <head> section to new template
- updated utility classes
- moved <footer> section to new template

theme/boost/templates/columns2.mustache

- moved <head> section to new template
- updated utility classes
- moved <footer> section to new template

theme/boost/templates/core/action_menu.mustache

- required changes for positioning

theme/boost/templates/core/action_menu_trigger.mustache

- required changes for BS4 Dropdowns

theme/boost/templates/core/block.mustache

- updated card component class (.card-body)
- changed block header to h5 (used to be h3 shown as h5 through css and displayed uppercase)
- changed <aside> to <section>. A block column should be in 1 aside. Not be a list of asides

theme/boost/templates/core/custom_menu_item.mustache

- navbar component

theme/boost/templates/core/dataformat_selector.mustache

- update spacing utility classes

theme/boost/templates/core/filemanager_fileselect.mustache

- only updates for col-xs-*

theme/boost/templates/core/filemanager_modal_generallayout.mustache

- change "container-fluid row" to just "row"
- update spacing utility classes

theme/boost/templates/core/filemanager_page_generallayout.mustache

- update spacing utility classes
- force 100% width using .w-100

theme/boost/templates/core/form_autocomplete_selection.mustache

- update spacing utility classes
- force 100% width using .w-100

theme/boost/templates/core/help_icon.mustache

- update spacing utility classes

theme/boost/templates/core/initials_bar.mustache

- new in boost
- added to use BS4 pagination component classes

theme/boost/templates/core/loginform.mustache

- new layout, grid usage
- use proper cards

theme/boost/templates/core/modal.mustache

- change modal titles to h5

theme/boost/templates/core/preferences_groups.mustache

- remove container-fluids
- update .card-body for BS4 card component

theme/boost/templates/core/settings_link_page.mustache

- fixes for cards
- updated grid
- fixes for BS4 tabs component

theme/boost/templates/core/settings_link_page_single.mustache

- existing in BS4Alpha
- update spacing utility classes

theme/boost/templates/core/signup_form_layout.mustache

- fixes for cards
- updated grid
- update .card-body for BS4 card component

theme/boost/templates/core/tabtree.mustache

- update spacing utility classes

theme/boost/templates/core_admin/setting.mustache

- update spacing utility classes

theme/boost/templates/core_calendar/event_summary_body.mustache

- removing only changes m-side-num and col-xs... Will be fixed in MDL-61953

theme/boost/templates/core_calendar/month_detailed.mustache

- visibility utility changes

theme/boost/templates/core_form/*

- All validation classes changed from .form-control-danger to .is-invalid
- update spacing utility classes

theme/boost/templates/core_grades/edit_tree.mustache

theme/boost/templates/core_message/message_area_message.mustache

- updates to make the grid work
- needs clearfixes because of flexbox grids

theme/boost/templates/core_message/
message_preferences_component.mustache

- removed, no changes

theme/boost/templates/core_message/
message_preferences_notification_processor.mustache

- removed, no changes

theme/boost/templates/core_message/notification_preferences.mustache

- removed, no changes

theme/boost/templates/core_message/
notification_preferences_component.mustache

- removed, no changes

theme/boost/templates/custom_menu_footer.mustache

- update spacing utility classes

theme/boost/templates/filepicker.mustache

- removed

theme/boost/templates/flat_navigation.mustache

- Use BS4 list-group-item classes to display active activity. IE change .font-weight-bold for active activity to .active

theme/boost/templates/footer.mustache

- one footer for the columns1 and columns2 templates
- use .bg-dark for background
- add .text-light

theme/boost/templates/head.mustache

- to be included in columns1 and columns2 templates

theme/boost/templates/header.mustache

- this is now the <header> section in the page. Not the navbar!

theme/boost/templates/login.mustache

- update spacing utility classes and col classes
- change .bg-inverse to .bg-dark for footer

theme/boost/templates/maintenance.mustache

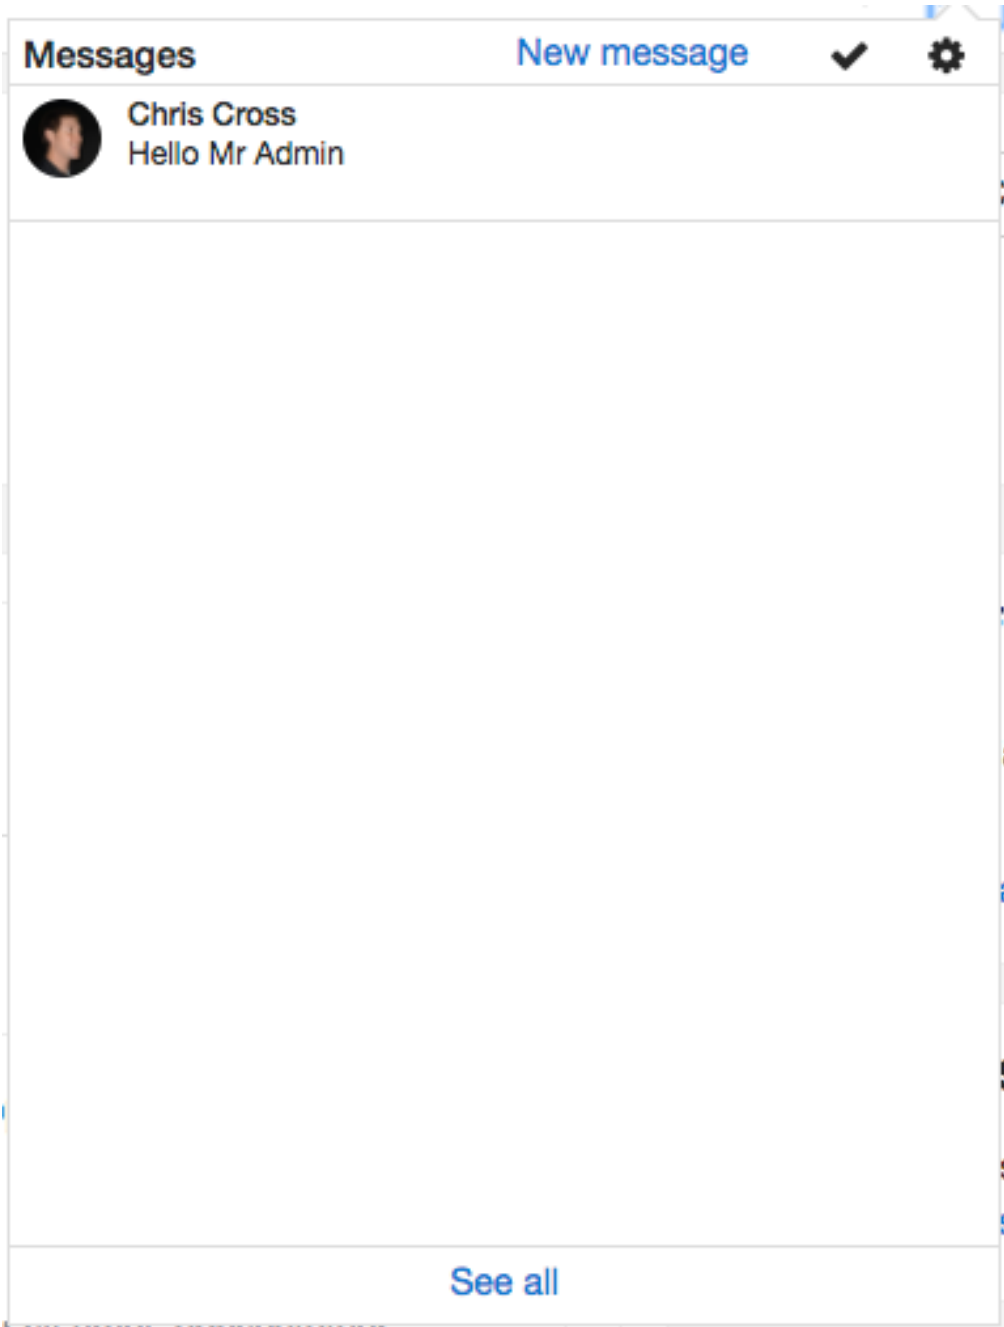

- update spacing utility classes and col classes
- change .bg-inverse to .bg-dark for footer

theme/boost/templates/message_popup/*

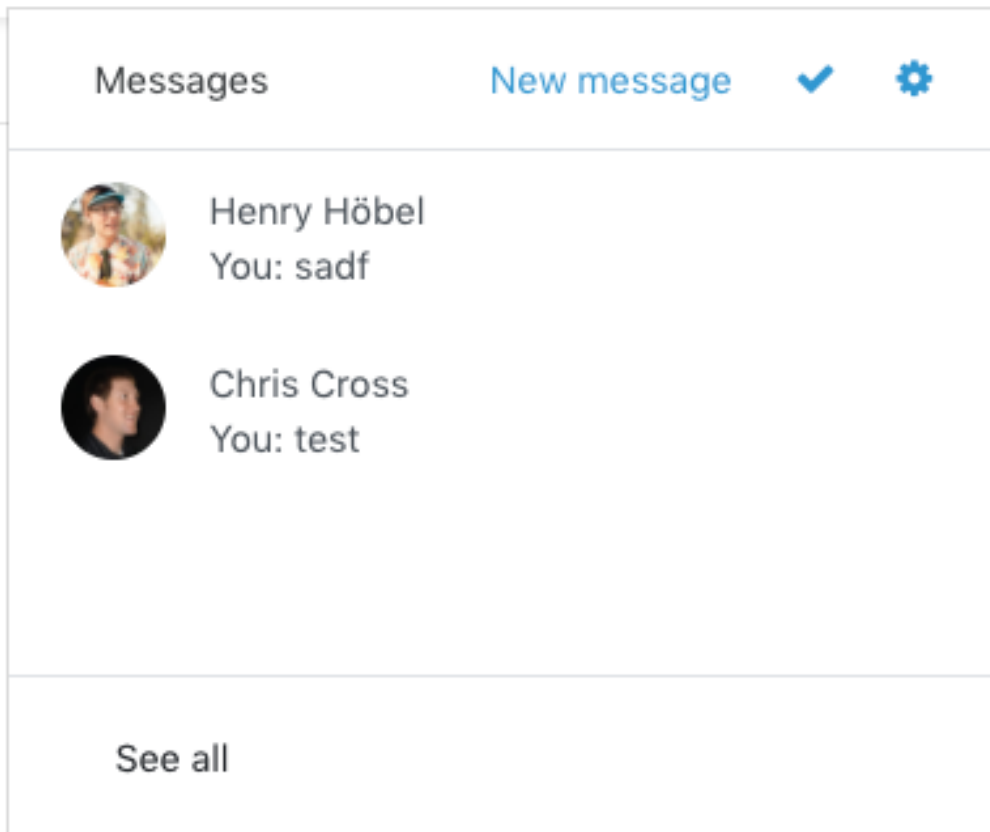

AND theme/boost/templates/navbar_popover_region.mustache

- update popup design for messages

BS4 Alpha

BS4S:

theme/boost/templates/mod_forum/quick_search_form.mustache

- use BS4 style input-group-append

theme/boost/templates/nav-drawer.mustache

- update print visibility

theme/boost/templates/navbar-secure.mustache

theme/boost/templates/navbar.mustache

- new navbar layout based on BS4 Flex positioning
- use of .nav-item where possible

theme/boost/templates/popover_region.mustache

- removed

theme/boost/templates/secure.mustache

- moved <head> section to new template
- updated utility classes
- moved <footer> section to new template

theme/boost/templates/tool_lp/manage_competencies_page.mustache

- changes to cards
- updated utility classes

theme/boost/templates/tool_usertours/tourstep.mustache

- change modal titles to h5
